[1] These rates are for subsistence—Veterans tuition, fees, books, and supplies paid for in addition. Under Public Laws 79–268 and 80–338 the basic rate was $65 for single veteran and $90 for veteran with dependents ($75 single veteran, $105 veteran and 1 dependent, $120 veteran and 2 or more dependents on and after Apr. 1, 1948). If his rate of compensation when added to these rates was less than the minimums listed on this chart the rates on the chart were paid. Public Law 78–16 and Public Law 78–207 rates were a combination of pension and the rates given, in like manner. Subsistence for OJT—Apprentice training under Public Laws 89–137, 91–219, 92–540 are reduced by veterans earnings. Beginning with Public Law 89–137 the benefit stated is exclusive of pension and compensation rates. CPI percent increase is cumulative.

[2] Rates apply to veterans less than 30-percent disabled.

[3] Rates apply to veteran more than 30-percent disabled.

[4] This amount payable for any dependent in excess of 2 only if veteran is less than 50-percent disabled.

[5] Child or other dependent.
